

**New Mandatory Fundraising Procedures for all organizations associated with  
Spoon River Valley Community Unit School District #4 starting during the 2009-  
2010 school year**

Effective the 2009-2010 year **all** organizations who undertake fundraising activities on the property of Spoon River Valley CUSD #4 are subject to fundraising procedures established by the Board of Education. All district approved organizations are required to apply for specific dates for fundraising activities on the fundraising calendar that appears online. Each year a designated window opens, from April 1<sup>st</sup> to May 1<sup>st</sup> during which district approved organizations may apply for calendar dates. Applications for specific dates may be secured from either the Elementary or Secondary school offices. **District officials and/or Board of education reserve the expressed right to approve or deny application dates.** Applications before or after the April-May “window” will be denied. Organizations may appeal directly to the board for a waiver of the “window”. To appeal, organizations must request to be placed on the Board of Education meeting agenda. At that time, the decision of the Board of Education will be deemed final.

The following are not individually listed on the school calendar.
